

A modern kitchen featuring white shaker-style cabinetry with brass handles. A large island with a thick, light-colored marble countertop is in the foreground, with four white upholstered bar stools on wooden legs. Three large, clear glass globe pendant lights hang from the ceiling. In the background, a stainless steel refrigerator, a gas cooktop with red knobs, a stainless steel range hood, and a built-in oven are visible. The backsplash is made of light-colored stone tiles. The overall aesthetic is clean, bright, and contemporary.

# Specifications: Nomenclature

## Century's Full Item Code

### Century Full item code is 17 positions long

- Positions 1 to 3 = Cabinet Series  
*Ex : GHS / CHS*
- Positions 4 to 5 = Door Style Code  
*Ex : GA = Georgetown Auburn*
- Positions 6 to 17 = 12 Position Item Code  
*Ex : W2130L or B15L*

## Wall Cabinets - Dimension and Hanging Nomenclature

For Walls - Standard depth = 12". You only note depth when it is not the standard for that type of cabinet

If item does not have numbers in position 11 and 12 the depth is 12"

## Base Cabinets - Dimension and Hanging Nomenclature

## Utility Cabinets - Dimension and Hanging Nomenclature

For UC - Standard depth = 12"

You only note depth when it is not the standard for that type of cabinet

- Width - Positions 8 - 9  
Height - Positions 10 - 11  
Depth - Positions 12 - 13  
Hanging - Position 14

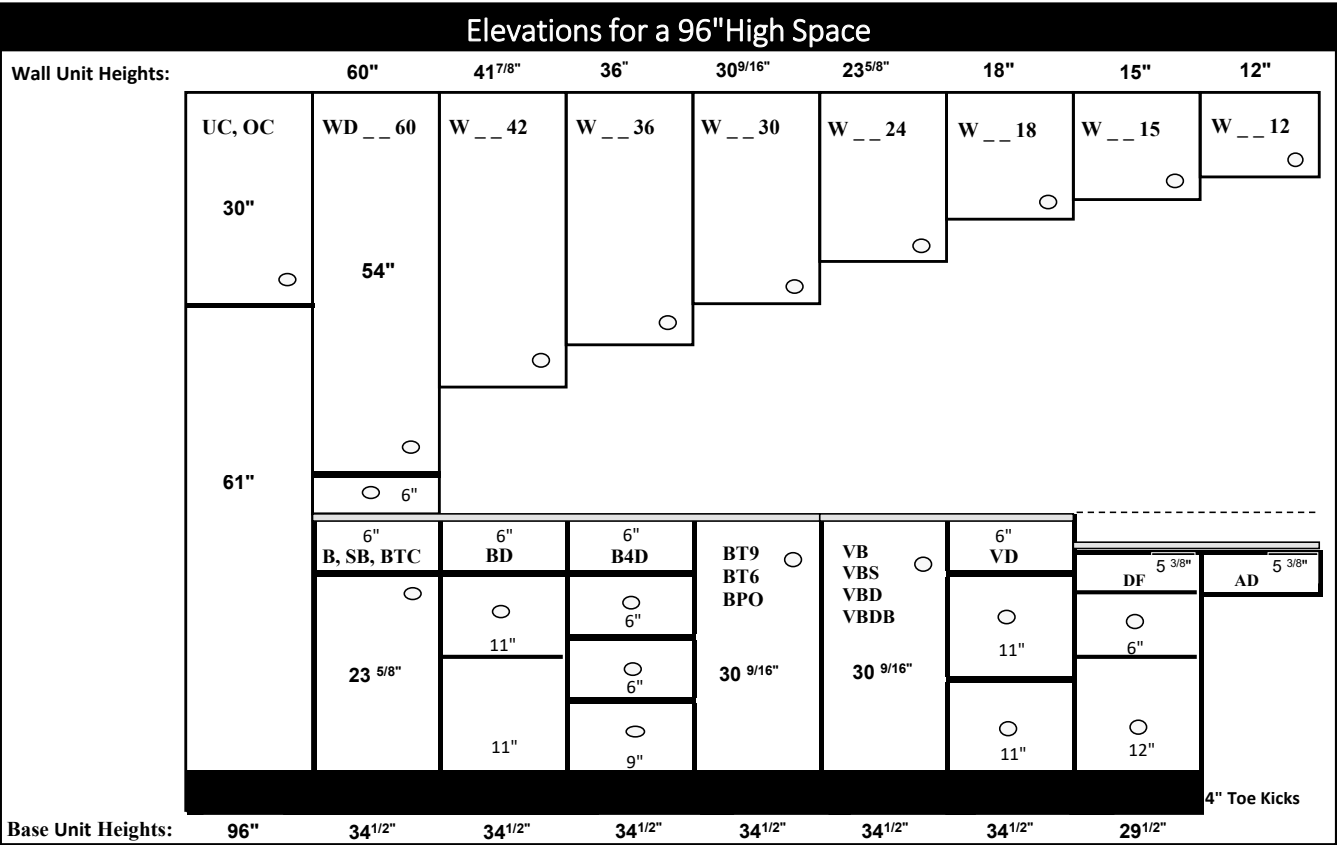

*\*If item does not have numbers in position 12 & 13 the depth is 12"*

# Specifications: Dimensional Specifications

# Specifications: Cabinet Construction - Full Access (Frameless)

## Backs

- 5.5 mm thick **fibrex**\* painted natural maple wood-grain

*\*Fibrex is a High Density Fiberboard (HDF) reinforced panel set into end panels, secured with adhesive and clamped under pressure, ensuring square construction.\**

## Finished End Panels

- 5/8" thick furniture-board low pressure laminate
- Exposed ends coordinates with door color
- Front is edge-banded to coordinates with door color
- Drilled to receive 8mm wood-dowels (top and bottom)
- Interiors are Natural Maple color wood grain laminate

## Unfinished End Panels

- Unexposed ends are neutral color

## Tops & Bottoms

- 3/8" thick furniture board laminated low pressure laminate
- Front Edge has horizontal face frame rail attached (1 7/8" high)

## The Following Cabinets Are Full Access (Frameless) Construction:

Oven Cabinets (OC)	Base Lazy Susans (BLS)	Apron Drawers (AD)
Pantries and Utilities (UC)	Base Corner Susans (BCS)	Desk Files (DF and DDF)
Utility End Corners (UEC)	Base End Corner (BEC)	Vanity Linen (VL)
Wall End Corner (WEC)	Base Corner (BC)	Wine Rack Diagonal (WRD)*
Lift-Up Door Appliance Garage (WLIFT)	Base Pullout (BPO6)	* Does not use face frame rail

# Specifications: Cabinet Construction - Framed

## Face Frames

- 3/4" thick solid wood stiles and rails; joined with pocket screws
- Stiles are 1 1/8" wide; inside edge is beaded and outside edge radiused
- Rails are 1 7/8" wide inside edge is beaded and outside edge radiused

## Backs

- 5.5 mm thick **fibrex\*** painted natural maple wood-grain
- \*\*\*Fibrex is a High Density Fiberboard (HDF) reinforced panel set into end panels, secured with adhesive and clamped under pressure, ensuring square construction. \*\*\**

## End Panels

- **Unexposed** end panels are 3/8" thick furniture-board; recessed a 1/4" from outside edge of face frame.
- Exterior face of end panel is laminated with a low pressure laminate.
- Interior face of end panel is laminated with a low pressure laminate in natural maple wood grain.
- **Exposed** end panels are 5/8" thick furniture-board; semi-flush with outside edge of face frame.
- Exterior face of end panel is low pressure laminate coordinating with door color.
- Interior face of end panel is low pressure laminate in Natural Maple color wood grain.

## Tops & Bottoms

### Wall Cabinets

- 3/8" thick furniture-board low pressure laminate with Natural Maple wood-grain on both sides.
- Dadoed and glued into the end panels and face-frame.

### Base Cabinets

- Bottoms -- 3/8" thick furniture-board with low pressure laminate.
- Dadoed and glued into the end panels and face frame.
- Tops -- 3/8" Thick Plywood Vertical Construction Braces

## Toekicks

- Separately constructed; glued and stapled to the cabinet.
- Constructed of 5/8" thick MDF.
- On finished cabinet ends, the toekick is recessed in 2".
- On nonfinished cabinet ends, toe kick is recessed in 3/8".
- **TKC8** must be ordered to give a seamless finish in field.

## Shelves

### Carriage House Series

- 3/4" thick furniture-board low pressure laminate; with beaded wood edge.
- \*\*Bradford, Coventry & Manchester Door Styles Use Gatehouse Shelf\*\***

### Gatehouse Series

- 3/4" thick furniture-board laminated low pressure laminate; with PVC edge-banding.

# Specifications: Cabinet Construction - Framed (All Wood Construction)

## Face Frames

- 3/4" thick solid wood stiles and rails; joined with pocket screws.
- Stiles are 1 1/8" wide; inside edge is beaded and outside edge radiused.
- Rails are 1 7/8" wide inside edge is beaded and outside edge radiused.

## Backs

- 5.5 mm thick prefinished wood veneer.

## End Panels (Carriage House)

- **Unexposed** end panels are 1/2" thick plywood; recessed a 1/8" from outside edge of face frame.
- Exterior face of end panel is laminated with an unfinished wood veneer.
- Interior face of end panel is laminated with a prefinished wood veneer.
- **Exposed** end panels are 5/8" thick plywood; semi flush with outside edge of face frame.
- Exterior face of end panel is laminated with a wood veneer in the matching stain or paint color.
- Interior face of end panel is laminated with a prefinished wood veneer.

\*\*\*NOTE: Bradford, Coventry & Manchester Door Styles use Gatehouse Specifications\*\*\*

## End Panels (Gatehouse)

- **Unexposed** end panels are 1/2" thick plywood; recessed a 1/8" from outside edge of face frame.
- Exterior face of end panel is laminated with an unfinished wood veneer.
- Interior face of end panel is laminated with a prefinished wood veneer.
- **Exposed** end panels are 1/2" thick plywood; recessed a 1/8" from outside edge of face frame. Back of frame is unfinished.
- Exterior face of end panel is laminated with a wood veneer in the matching stain or paint color.
- Interior face of end panel is laminated with a wood veneer.

## Tops & Bottoms

### Wall Cabinets

- 3/8" thick plywood laminated with a prefinished wood veneer on both sides.
- Dadoed and glued into the end panels and face-frame.

### Base Cabinets

- Bottoms -- 3/8" thick plywood prefinished wood veneer.
- Dadoed and glued into the end panels and face frame.
- Tops -- 3/8" thick plywood Vertical Construction Braces.

## Toekicks

- Separately constructed; then glued and stapled to the cabinet.
- Constructed of 1/2" - 5/8" thick plywood.
- On finished cabinet ends, the toekick is recessed in 2".
- On unfinished cabinet ends, the toekick is recessed 1/2".
- **TKC8** must be ordered to give a seamless finish in field.

## LEAD TIMES/CHANGE ORDERS/CANCELLATIONS

**STANDARD ORDERS (4 week lead times plus delivery)** - Century provides a two (2) day time period from date of order acknowledgement to change/cancel order. After that time, it will be locked into production. Subsequent changes or cancellation of the order will result in:

- **WEEK 1 – 25% CHARGE FOR WORK IN PROGRESS**
- **WEEK 2 – 50% CHARGE FOR WORK IN PROGRESS**
- **WEEK 3 & 4 – 100% CHARGE FOR WORK IN PROGRESS**

**SHORT-LEAD WAIVER (3 week lead times plus delivery)** - Century provides zero (0) day time period from date of order acknowledgement to change/cancel an order. The order is immediately processed, released, and locked into production. Changes or cancellation of the order will result in:

- **WEEK 1 – 25% CHARGE FOR WORK IN PROGRESS**
- **WEEK 2 – 50% CHARGE FOR WORK IN PROGRESS**
- **WEEK 3 – 100% CHARGE FOR WORK IN PROGRESS**

## TERMS AND CONDITIONS OF SALE

- 1) 50% DEPOSIT is required to process all orders over \$10,000 for C.I.A. (Cash In Advance) customers. Orders less than \$10,000 are required to be paid in full. Century accepts bank checks, personal checks, and most major credit cards. Century will not hold or accept post dated checks. \$50 service charge will be applied for checks returned from bank for Non-Sufficient Funds. Balance is due 5 BUSINESS DAYS prior to delivery. If not paid, delivery will be cancelled and not re-scheduled until balance is paid in full.
- 2) Installation and adjustment of merchandise is the responsibility of the customer.
- 3) Ship date on order acknowledgement is TENTATIVE. Customer will be advised of ship date approximately 1 week prior to the date on the order. Material held after 30 days from ship date will be disposed of and deposit forfeited or a storage fee of \$100 per week will be added to the balance.
- 4) Delivery must be cancelled by 9am the day before delivery or a charge of \$100 will be applied to deliver cabinets on the next scheduled day.
- 5) Customer or authorized representative must be present at delivery site to sign for merchandise. Deliveries unable to be made will incur an additional \$350 charge and applied to re-scheduled delivery.
- 6) It is the buyers responsibility, at time of delivery, to verify quantities received, inspect cartons for visible damage, sign and date shipping tickets.
- 7) Claims for shortages, errors, and damages must be noted on shipping ticket at time of delivery. Concealed damages must be reported to your Century Sales Representative/Administrator within 1 week of shipment.
- 8) Cabinetry is NOT RETURNABLE unless defective. Defective items need to be returned within 30 days of delivery uninstalled and in original box. Stocked accessories may be returned with a 35% re-stocking fee. Returned accessories must be in good condition or no credit will be issued.
- 9) Century Cabinetry has a 10-year limited warranty, effective as of 4/1/12. Century Cabinetry will repair or replace any material that proves defective. Claims for labor installation cost will NOT be accepted.

# Specifications: Warranty Information

---

## 10 Year Limited Warranty

Century Cabinetry, Inc. warrants its products to be free from defects in material or workmanship under normal use for a period of 10 years from date of purchase by the original consumer purchaser and is not transferrable to subsequent homeowners. Should defects in material or workmanship arise during this warranty period, Century Cabinetry, Inc. will replace or repair, at its discretion, the defective cabinet, material or component.

This warranty does not cover products that are misused, abused, neglected, modified, improperly stored, incorrectly installed, or subjected to extremes in moisture or temperature.

This warranty covers only parts and materials of the products manufactured by Century Cabinetry, Inc.. Not covered under this warranty are countertops, appliances, plumbing fixtures, etc or the costs (including labor) to remove or re-install materials or related items such as plumbing fixtures, countertops, appliances...

### **Wood Disclaimer**

Variations in color and grain are a natural characteristic of wood. Changes in color on finished wood products can occur due to exposure to light and other environmental factors. These variations and color changes are not deemed defective and therefore are not covered under this warranty.

### **Finishes/Glazes/Distressing**

Variations in Century Cabinetry's hand applied finishes and glazes are what give each piece its distinctive look and these variations are not considered to be defects in material or workmanship.

### **Changes to Finishes or Product Design**

Century Cabinetry may modify product due to supplier availability and as changes or improvements are implemented, but is under no obligation to make these changes to previously manufactured product.

If a warranty claim is filed after a product or finish becomes obsolete, Century Cabinetry reserves the right to honor the warranty in the following ways:

- a. To replace the affected component with a new component of the same style
- b. To replace the affected component with any other component(s) to achieve a similar appearance with a style that is comparable in appearance, color, design or construction based upon current product offerings.

If components are replaced, Century Cabinetry cannot guarantee that the finish of these items will be an exact match to the finish and appearance of the original purchased components.

### **Implied Warranties**

This warranty is only valid in the United States of America. To the extent permitted by law, any implied warranties, including the implied warranties of merchantability and fitness for a particular purpose, are limited to the duration of this express warranty. This warranty excludes any incidental or consequential damages. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

### **Making a Claim**

To make a claim under this warranty, the purchaser must contact their local Century dealer or distributor and report said defects. If you have difficulty obtaining assistance write to: Century Cabinetry Inc. 220 Phillips Road Exton, PA 19341. Attn: Customer Warranty/Service Department. To ensure timely processing, please include your name, phone number, builder or contractor name, lot number, address, city, state, and zip code.

### **Warranty Effective Date**

This warranty is effective as of April 1, 2012 and covers all cabinets ordered on or after this date.

**THIS WARRANTY IS THE EXCLUSIVE WARRANTY OF CENTURY CABINETRY AND IS IN LIEU OF ALL OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED. IN NO EVENT SHALL CENTURY CABINETRY BE LIABLE FOR CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES RESULTING FROM THE INSTALLATION, USE OR FAILURE OF ITS PRODUCT.**

## Care & Cleaning Guidelines

The solid wood and wood veneer components used in the manufacture of your cabinets are finished with a Water-Based UV Finish, which will hold up to continuous use for many years. The materials used in the finishing process are especially designed to meet the most stringent industry performance standards for resistance to moisture, grease, soap, detergents, and food stains. The following guidelines and suggestions should help keep your cabinetry looking beautiful for many years.

### **General Cleaning and Care of Wood Cabinets**

Remove any oil, grease, or soil, using a clean damp cloth of mild soap and water. Rinse with a clean damp cloth. Dry thoroughly with a soft lint-free cloth. DO NOT use steel wool, soap pads, polishing wax or cleaners containing bleach, ammonia, harsh detergents, and abrasives. All of these can remove the factory-applied finish and thus void warranty.

Routine cleaning can help prevent permanent damage from build up of grease and smoke.

Excess moisture can also damage cabinets. The most common areas for moisture build-up are around the sink, range, dishwasher, oven, and baseboard. Immediately dry surfaces with a clean cloth.

Over time cabinet finish may either darken or lighten depending upon lighting. This is normal.

### **To repair nicks and scratches**

Use a matching Touch Up Marker which is designed to match the cabinet finish. If you do not have one, please contact your Century Cabinetry dealer.

Apply the touch up marker over the scratched area and wipe away the excess with a clean soft cloth. Never use sand paper or any other material to even out a scratch, as it will damage the finish.

### **Care of Cabinet Interiors**

Century Cabinetry's shelves are made of low pressure laminate which is a material that is resistant to scratches, stains, and water penetration

To remove food residue or grease, use any common dishwashing liquid (not detergent) or a solution of mild soap and water. Wipe clean with a clean soft damp cloth and dry thoroughly. Wipe up spills and dry immediately.

### **Self-Cleaning Ovens**

Self-cleaning ovens are cleaned through the use of intense heat. If the heat gasket does not seal properly, heat may escape from the oven. Cabinet components installed near the oven may suffer finish or surface damage.

To minimize risk of damage during cleaning cycles, we recommend that you remove doors and drawers from cabinets that are above and adjacent to a self-cleaning oven.

# Specifications: Industry Qualifications

---

Century Cabinetry is committed to conducting our business in an environmentally responsible manner. Our commitment to environmental awareness and preservation is reflected throughout our business. Century's cabinetry is manufactured using environmentally friendly practices.

## KCMA Certified

Century Cabinetry has been certified by the Kitchen Cabinet Manufacturers Association (KCMA) as meeting the standards for their Environmental Stewardship Program (ESP). Our organization is committed to meeting and further exceeding the standards as set forth by the leaders in our industry. Visit [WWW.KCMA.ORG](http://WWW.KCMA.ORG) for more information.

## CARB II Compliant

California Air Resources Board (CARB) continues in the development of innovative air pollution control strategies. CARB II is the toughest standard in the world for formaldehyde emission levels from composite wood panels. Century Cabinetry products are CARB II compliant. Visit [WWW.ARB.CA.GOV](http://WWW.ARB.CA.GOV) for more information.

## WATER BASE UV Finishing

In 2008, Century completed a Finishing System Modernization program committed to environmentally safe processes. Stains and Finishes were converted to Water-Base UV thereby virtually eliminating hazardous air pollutants (HAPS) and off-gassing odors and greatly reducing volatile organic compounds (VOC). Material is also formulated without heavy metals and are formaldehyde free. These standards provide a healthy product for your home while protecting and conserving our land and natural resources.

## LEADERSHIP IN ENERGY ENVIRONMENTAL DESIGN (LEED)

LEED is a nationally accepted benchmark for the design, construction and operation of high-performance green buildings. The LEED certification program is run under the guidance of the US Green Building Council (USGBC). Please visit [WWW.USGBC.ORG](http://WWW.USGBC.ORG) for more information. Century Cabinetry can provide cabinets to fulfill most of your LEED project requirements.

## Doors & Finishes: Wood Species Information

---

**Wood** is a natural material that has inherent variations in its graining and color. Because of this, each piece of wood or veneer accepts stain differently. This is part of what contributes to the unique beauty of wood. In addition, color difference or changes in the wood can occur over time with exposure to sunlight, harsh chemicals, smoke, and extreme heat or moisture. These are important characteristics of wood that should be taken into consideration. Additional information pertaining to each specific type of wood species is listed below.

**Cherry** is a close-grained hardwood with rich, varying colors ranging from light pink to deep browns. Undulating waves and curls in the grain are natural and desirable qualities found in this wood. As Cherry ages, the wood becomes darker and this is especially apparent when exposed to direct sunlight. Other naturally occurring characteristics of this elegant wood include pin knots and mineral streaks.

**Maple** has a smooth, even texture and is a more uniform close-grained wood. Its natural colors range from a creamy white to dark reddish-brown tones. This varying palette can occur within a single door. Maple may contain mineral streaks, wavy or curly graining, and fine brown lines; all of which are acceptable characteristics of Maple's natural beauty.

**MDF**, or Medium-Density Fiberboard, is an extremely stable wood composite material made from wood fibers and resin. Because of its inherent stability, it's ideal for painted doors and drawer fronts. It is resistant to changes in heat and humidity unlike painted wood doors which are very susceptible to contracting & expanding. MDF painted doors create a beautiful look with a long lasting, durable finish.

### STAIN

Our cabinets are finished with a premium water-based UV cured finish. It is environmentally friendly and provides excellent durability and performance. The lusturious finish enhances the natural grain of the woods while providing a consistent, elegant appearance, even with darker stains. Because it is a UV-cured finish, the color will less likely fade over time which helps to maintain the beauty of your investment.

### PAINT

Our paint finishes are also water-based UV cured finishes, with the same eco-friendliness and performance. It is a durable, opaque color that emphasizes and accentuates the rich detailing of each door. It also will less likely fade over time and maintain a consistent, elegant look to the cabinetry.

### GLAZES\*

Glazes are a hand applied finish that accentuates the unique detailing on the doors and drawer fronts. It collects in the corners, grooves, and recesses and because of this, the overall look varies from subtle to dramatic based on the door style selected. Face frames, ends, panels, and selected moldings will not receive glazing. Some slab drawer fronts will not receive any glazing due to the lack of detail. For further clarification please contact your rep. or designer.

### DISTRESSING\*

Distressing is offered in two colors: Black Distressed and Walnut Black Distressed.

Walnut Black Distressed feature hand applied distressing characteristics like bird pecks and scratches meant to replicate an aged look. This is further accentuated by the addition of glazing which highlights the appealing imperfections.

Black Distressed feature a sandthrough technique which exposes the underlying panel and replicates a time-worn effect.

***\* Specialty finish techniques in particular will vary within individual doors and throughout the entire room. It is recommended that a sample door and drawer front be ordered to illustrate the unique characteristics inherent within each finish. Inconsistencies should be expected and are acceptable qualities featured in the specialty finishes.***

## End Panel Door Program (EPDR)

- End Panel Doors (EPDR) are decorative door panels that can be ordered as separate items and applied to the finished ends of Wall, Base and Tall Cabinets.
- EPDR's are made of 3/4" deeper than the cabinet side.
- Front edge of the End Panel Door covers the face frame.
- Meets the edge of the door on the front of the cabinet.
- The back edge of the End Panel Door is flat so that it butts up against the wall evenly.
- The front, top and bottom edges of the End Panel Door are detailed to match the edges of the cabinet doors based upon the cabinet series you are ordering.

**Note:** Since the back edge of the EPDR is flat, these should not be used to wrap around islands and peninsulas. The EPDR is designed to be used as a decorative door panel on the sides of cabinets that butt up against a wall.

You must designate **finished ends** for all cabinets that will be receiving the decorative End Panel Doors (EPDR)

NOTE: The stile to be installed next to the wall is 3/8 inch narrower than other stile and rails. If equal dimensions are preferred, create custom door with finished back/no drill (FIN).

\* Please allow the standard 4 week lead time when ordering COLOR SETS

\* Please allow the standard 4 week lead time if any quantity of 4 or more of an individual COLOR BLOCK is needed

\* Lead time for smaller orders of individual COLOR BLOCKS will be handled on a case by case basis

## Door Hinge Drilling Information for GHS and CHS

When ordering replacement doors, it is important to know the following:

1. All doors up to 36" high receive 2 hinge drillings.
2. All GHS and CHS doors 42" high receive 3 hinge drillings; except angled, glass and mullion doors which receive 2 hinge drillings.
3. All angled, glass and mullion doors receive 2 hinge drillings.
4. All 48", 54" and 61" high doors receive 3 hinge drillings.
5. Hinges do not come with the doors - if needed, they must be ordered separately as **REPLACEMENT ITEM**.

*\*\* Be sure to specify the type of cabinet and manufacturer in REPLACEMENT ITEM detail screen to ensure you receive the correct hinges!! \*\**

# Replacement Items: Carriage House Drawers & Pullouts

## Carriage House Drawer Cores & Pullouts

\* Note: Replacement Drawer Kits "RDK" and "POT" Kits come with inner and outer glide sets

Base Drawer		Width	Depth	Height
RDK1221	12" Base Drawer	9 <sup>3</sup> / <sub>8</sub>	21	3
RDK1521	15" Base Drawer	12 <sup>3</sup> / <sub>8</sub>	21	3
RDK1821	18" Base Drawer	15 <sup>3</sup> / <sub>8</sub>	21	3
RDK2121	21" Base Drawer	18 <sup>3</sup> / <sub>8</sub>	21	3
RDK2421	24" Base Drawer	21 <sup>3</sup> / <sub>8</sub>	21	3
RDK2721	27" Base Drawer	24 <sup>3</sup> / <sub>8</sub>	21	3
RDK3021	30" Base Drawer	27 <sup>3</sup> / <sub>8</sub>	21	3
RDK3321	33" Base Drawer	30 <sup>3</sup> / <sub>8</sub>	21	3
RDK3621	36" Base Drawer	33 <sup>3</sup> / <sub>8</sub>	21	3

Base Drawer Deep		Width	Depth	Height
RDK1221D	12" Base Deep Drawer	9 <sup>3</sup> / <sub>8</sub>	21	6 <sup>1</sup> / <sub>4</sub>
RDK1521D	15" Base Deep Drawer	12 <sup>3</sup> / <sub>8</sub>	21	6 <sup>1</sup> / <sub>4</sub>
RDK1821D	18" Base Deep Drawer	15 <sup>3</sup> / <sub>8</sub>	21	6 <sup>1</sup> / <sub>4</sub>
RDK2121D	21" Base Deep Drawer	18 <sup>3</sup> / <sub>8</sub>	21	6 <sup>1</sup> / <sub>4</sub>
RDK2421D	24" Base Deep Drawer	21 <sup>3</sup> / <sub>8</sub>	21	6 <sup>1</sup> / <sub>4</sub>
RDK2721D	27" Base Deep Drawer	24 <sup>3</sup> / <sub>8</sub>	21	6 <sup>1</sup> / <sub>4</sub>
RDK3021D	30" Base Deep Drawer	27 <sup>3</sup> / <sub>8</sub>	21	6 <sup>1</sup> / <sub>4</sub>
RDK3321D	33" Base Deep Drawer	30 <sup>3</sup> / <sub>8</sub>	21	6 <sup>1</sup> / <sub>4</sub>
RDK3621D	36" Base Deep Drawer	33 <sup>3</sup> / <sub>8</sub>	21	6 <sup>1</sup> / <sub>4</sub>

Pullouts		Width	Depth	Height
RPK1221	12" Pullout	9 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>
RPK1521	15" Pullout	12 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>
RPK1821	18" Pullout	15 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>
RPK2121	21" Pullout	18 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>
RPK2421	24" Pullout	21 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>
RPK2721	27" Pullout	24 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>
RPK3021	30" Pullout	27 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>
RPK3321	33" Pullout	30 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>
RPK3621	36" Pullout	33 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>

Back of pullouts are 3" high and hold up to 75 lbs.

Pullouts - Bottom Mounted		Width	Depth	Height
RPK1221B	12" Pullout	9 <sup>11</sup> / <sub>16</sub>	21	1 <sup>1</sup> / <sub>2</sub>
RPK1521B	15" Pullout	12 <sup>11</sup> / <sub>16</sub>	21	1 <sup>1</sup> / <sub>2</sub>
RPK1821B	18" Pullout	15 <sup>11</sup> / <sub>16</sub>	21	1 <sup>1</sup> / <sub>2</sub>
RPK2121B	21" Pullout	18 <sup>11</sup> / <sub>16</sub>	21	1 <sup>1</sup> / <sub>2</sub>
RPK2421B	24" Pullout	21 <sup>11</sup> / <sub>16</sub>	21	1 <sup>1</sup> / <sub>2</sub>
RPK2721B	27" Pullout	24 <sup>11</sup> / <sub>16</sub>	21	1 <sup>1</sup> / <sub>2</sub>
RPK3021B	30" Pullout	27 <sup>11</sup> / <sub>16</sub>	21	1 <sup>1</sup> / <sub>2</sub>
RPK3321B	33" Pullout	30 <sup>11</sup> / <sub>16</sub>	21	1 <sup>1</sup> / <sub>2</sub>
RPK3621B	36" Pullout	33 <sup>11</sup> / <sub>16</sub>	21	1 <sup>1</sup> / <sub>2</sub>

Back of pullouts are 1 <sup>1</sup>/<sub>4</sub>" high and hold up to 75lbs.

Pullout Tray Kits - Tall Cabinets		Width	Depth	Height
POT15	15" Pullout Tray Kit	12 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>
POT18	18" Pullout Tray Kit	15 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>
POT24	24" Pullout Tray Kit	21 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>
POT30	30" Pullout Tray Kit	27 <sup>11</sup> / <sub>16</sub>	21	3 <sup>1</sup> / <sub>4</sub>

Hold up to 75lbs.

*Spice Pullouts		Width	Depth	Height
SPICE-RACK06	For BPO6 cabinet	4 <sup>1</sup> / <sub>2</sub>	23 <sup>1</sup> / <sub>2</sub>	24 <sup>1</sup> / <sub>2</sub>
SPICE-RACK09	For BPO9 cabinet	6 <sup>1</sup> / <sub>2</sub>	23 <sup>1</sup> / <sub>2</sub>	24 <sup>1</sup> / <sub>2</sub>
SPICE-RACK12	For BPO12 cabinet	9 <sup>1</sup> / <sub>2</sub>	23 <sup>1</sup> / <sub>2</sub>	24 <sup>1</sup> / <sub>2</sub>
SPICE-RACK15	For BPO15 cabinet	12 <sup>1</sup> / <sub>2</sub>	23 <sup>1</sup> / <sub>2</sub>	24 <sup>1</sup> / <sub>2</sub>
SPICE-RACK18	For BPO18 cabinet	15 <sup>1</sup> / <sub>2</sub>	23 <sup>1</sup> / <sub>2</sub>	24 <sup>1</sup> / <sub>2</sub>

\* Comes with inner glides only, cannot upgrade to soft close glides

Desk File Drawers "DF"		Width	Depth	Height
RDK1518-AD	15" DF Top Drawer	12 <sup>3</sup> / <sub>8</sub>	18	3 <sup>1</sup> / <sub>8</sub>
RDK1818-AD	18" DF Top Drawer	15 <sup>3</sup> / <sub>8</sub>	18	3 <sup>1</sup> / <sub>8</sub>

\* Comes with inner glides only, cannot upgrade to soft close glides

Apron Drawer "AD"		Width	Depth	Height
RDK1818-AD	18" Apron Drawer	15 <sup>3</sup> / <sub>8</sub>	18	3 <sup>1</sup> / <sub>8</sub>
RDK2418-AD	24" Apron Drawer	21 <sup>3</sup> / <sub>8</sub>	18	3 <sup>1</sup> / <sub>8</sub>
RDK3018-AD	30" Apron Drawer	27 <sup>3</sup> / <sub>8</sub>	18	3 <sup>1</sup> / <sub>8</sub>
RDK3618-AD	36" Apron Drawer	33 <sup>3</sup> / <sub>8</sub>	18	3 <sup>1</sup> / <sub>8</sub>

\* Comes with inner glides only, cannot upgrade to soft close glides

Vanity Drawer		Width	Depth	Height
RDK1218	12" Vanity Drawer	9 <sup>3</sup> / <sub>8</sub>	18	4
RDK1518	15" Vanity Drawer	12 <sup>3</sup> / <sub>8</sub>	18	4

## **LEAD TIMES/CHANGE ORDERS/CANCELLATIONS**

**STANDARD ORDERS (4 week lead times plus delivery)** - Century provides a two (2) day time period from date of order acknowledgement to change/cancel order. After that time and release of order, it will be locked into production. Subsequent changes or cancellation of the order will result in:

- **WEEK 1 – 25% CHARGE FOR WORK IN PROGRESS**
- **WEEK 2 – 50% CHARGE FOR WORK IN PROGRESS**
- **WEEK 3 & 4 – 100% CHARGE FOR WORK IN PROGRESS**

**SHORT-LEAD WAIVER (3 week lead times plus delivery)** - Century provides zero (0) day time period from date of order acknowledgement to change/cancel an order. The order is immediately processed, released, and locked into production. Changes or cancellation of the order will result in:

- **WEEK 1 – 25% CHARGE FOR WORK IN PROGRESS**
- **WEEK 2 – 50% CHARGE FOR WORK IN PROGRESS**
- **WEEK 3 – 100% CHARGE FOR WORK IN PROGRESS**

***\*Note: Capri door adds one week lead time to standard orders and short-lead waiver.\****

## **TERMS AND CONDITIONS OF SALE**

- 1) 50% DEPOSIT is required to process all orders over \$5,000 for C.I.A. (Cash In Advance) customers. Orders less than \$10,000 are required to be paid in full. Accounts with established credit terms may remit payment with bank checks, company checks, and wire transfers of funds. Century accepts most major credit card payments for retail sales only. Century will not hold or accept post dated checks. A \$50 service charge will be applied for check returned from bank for non-sufficient funds. Balance is due five (5) business days prior to delivery. If not paid, delivery will be cancelled and not re-scheduled until balance is paid in full.
- 2) Installation and adjustment of merchandise is the responsibility of the customer.
- 3) Delivery date on order acknowledgement is tentative. Customer will be advised of delivery date approximately one (1) week prior to date on order. Material held after thirty (30) days from delivery date will be disposed of and deposit forfeited or a storage fee of \$100 per week will be added to the balance.
- 4) Delivery must be cancelled by 9am the day before delivery or a charge of \$100 will be applied to deliver cabinets on the next scheduled day.
- 5) Customer or authorized representative must be present at delivery site to sign for merchandise. Deliveries unable to be made will incur an additional \$350 charge and applied to re-scheduled delivery.
- 6) It is the buyers responsibility, at time of delivery, to verify quantities received, inspect cartons for visible damage, sign and date shipping tickets.
- 7) Claims for shortages, errors, and damages must be noted on shipping ticket at time of delivery. Concealed damages must be reported to your Century Sales Representative/Administrator within 1 week of shipment.
- 8) Cabinetry is NOT RETURNABLE unless defective. Defective items need to be returned within 30 days of delivery uninstalled and in original box. Stocked accessories may be returned with a 35% re-stocking fee. Returned accessories must be in good condition or no credit will be issued.
- 9) Century Cabinetry has a 10-year limited warranty, effective as of 4/1/12. Century Cabinetry will repair or replace any material that proves defective. Claims for labor installation cost will NOT be accepted.

## 10 Year Limited Warranty

Century Cabinetry, Inc. warrants its products to be free from defects in material or workmanship under normal use for a period of 10 years from date of purchase by the original consumer purchaser and is not transferrable to subsequent homeowners. Should defects in material or workmanship arise during this warranty period, Century Cabinetry, Inc. will replace or repair, at its discretion, the defective cabinet, material or component.

This warranty does not cover products that are misused, abused, neglected, modified, improperly stored, incorrectly installed, or subjected to extremes in moisture or temperature.

This warranty covers only parts and materials of the products manufactured by Century Cabinetry, Inc.. Not covered under this warranty are countertops, appliances, plumbing fixtures, etc or the costs (including labor) to remove or re-install materials or related items such as plumbing fixtures, countertops, appliances...

### Changes to Finishes or Product Design

Century Cabinetry may modify product due to supplier availability and as changes or improvements are implemented, but is under no obligation to make these changes to previously manufactured product.

If a warranty claim is filed after a product or finish becomes obsolete, Century Cabinetry reserves the right to honor the warranty in the following ways:

- a. To replace the affected component with a new component of the same style
- b. To replace the affected component with any other component(s) to achieve a similar appearance with a style that is comparable in appearance, color, design or construction based upon current product offerings.

If components are replaced, Century Cabinetry cannot guarantee that the finish of these items will be an exact match to the finish and appearance of the original purchased components.

### Implied Warranties

This warranty is only valid in the United States of America. To the extent permitted by law, any implied warranties, including the implied warranties of merchantability and fitness for a particular purpose, are limited to the duration of this express warranty. This warranty excludes any incidental or consequential damages. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

### Making a Claim

To make a claim under this warranty, the purchaser must contact their local Century dealer or distributor and report said defects. If you have difficulty obtaining assistance write to: Century Cabinetry Inc. 220 Phillips Road Exton, PA 19341. Attn: Customer Warranty/Service Department. To ensure timely processing, please include your name, phone number, builder or contractor name, lot number, address, city, state, and zip code.

### Warranty Effective Date

This warranty is effective as of April 1, 2012 and covers all cabinets ordered on or after this date. Cabinets ordered before April 1, 2012 are covered under the preceding **FIVE-YEAR** warranty.

**THIS WARRANTY IS THE EXCLUSIVE WARRANTY OF CENTURY CABINETRY AND IS IN LIEU OF ALL OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED. IN NO EVENT SHALL CENTURY CABINETRY BE LIABLE FOR CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES RESULTING FROM THE INSTALLATION, USE OR FAILURE OF ITS PRODUCT.**

## Care & Cleaning Guidelines

The following guidelines and suggestions should help keep your cabinetry looking beautiful for many years.

### **General Cleaning and Care of Euro Cabinets**

Remove any oil, grease, or soil, using a clean damp cloth of mild soap and water. Rinse with a clean damp cloth. Dry thoroughly with a soft lint-free cloth. DO NOT use steel wool, soap pads, polishing wax or cleaners containing bleach, ammonia, harsh detergents, and abrasives.

Routine cleaning can help prevent permanent damage from build up of grease and smoke.

Excess moisture can also damage cabinets. The most common areas for moisture build-up are around the sink, range, dishwasher, oven, and baseboard. Immediately dry surfaces with a clean cloth.

### **Care of Cabinet Interiors**

Century Cabinetry's shelves are made of low pressure laminate which is a material that is resistant to scratches, stains, and water penetration

To remove food residue or grease, use any common dishwashing liquid (not detergent) or a solution of mild soap and water. Wipe clean with a clean soft damp cloth and dry thoroughly. Wipe up spills and dry immediately.

### **Self-Cleaning Ovens**

Self-cleaning ovens are cleaned through the use of intense heat. If the heat gasket does not seal properly, heat may escape from the oven. Cabinet components installed near the oven may suffer finish or surface damage. To minimize risk of damage during cleaning cycles, we recommend that you remove doors and drawers from cabinets that are above and adjacent to a self-cleaning oven.

Century Cabinetry is committed to conducting our business in an environmentally responsible manner. Our commitment to environmental awareness and preservation is reflected throughout our business. Century's cabinetry is manufactured using environmentally friendly practices.

## KCMA Certified

Century Cabinetry has been certified by the Kitchen Cabinet Manufacturers Association (KCMA) as meeting the standards for their Environmental Stewardship Program (ESP). Our organization is committed to meeting and further exceeding the standards as set forth by the leaders in our industry. Visit [WWW.KCMA.ORG](http://WWW.KCMA.ORG) for more information.

## CARB II Compliant

California Air Resources Board (CARB) continues in the development of innovative air pollution control strategies. CARB II is the toughest standard in the world for formaldehyde emission levels from composite wood panels. Century Cabinetry products are CARB II compliant. Visit [WWW.ARB.CA.GOV](http://WWW.ARB.CA.GOV) for more information.

## LEADERSHIP IN ENERGY ENVIRONMENTAL DESIGN (LEED)

LEED is a nationally accepted benchmark for the design, construction and operation of high-performance green buildings. The LEED certification program is run under the guidance of the US Green Building Council (USGBC). Please visit [WWW.USGBC.ORG](http://WWW.USGBC.ORG) for more information. Century Cabinetry can provide cabinets to fulfill most of your LEED project requirements.

## Door Hinge Drilling Information for EURO

When ordering replacement doors, it is important to know the following:

1. All doors up to and including 42" high receive 2 hinge drillings.
  2. All doors 48" and higher receive 3 hinge drillings.
  3. Hinges do not come with replacement doors. If you need additional hinges, they must be ordered separately as a "REPLACEMENT" item.
- \*Be sure to specify the type of cabinet the manufacturer in the REPLACEMENT item detail screen to ensure you receive the correct hinges\*

PANEL-APPL3
PANEL-APPL4
PANEL-APPL5
PANEL-APPL6
PANEL-APPL7
PANEL-APPL8
PANEL-APPL9

Dishwasher  
"Framed" (1/4")

Typical "Framed" Dishwasher panel. This is a 3/4" thick door with 1/4" thick trim around all sides. There is a 2 1/2" reveal at the bottom and 1/2" on all other sides.

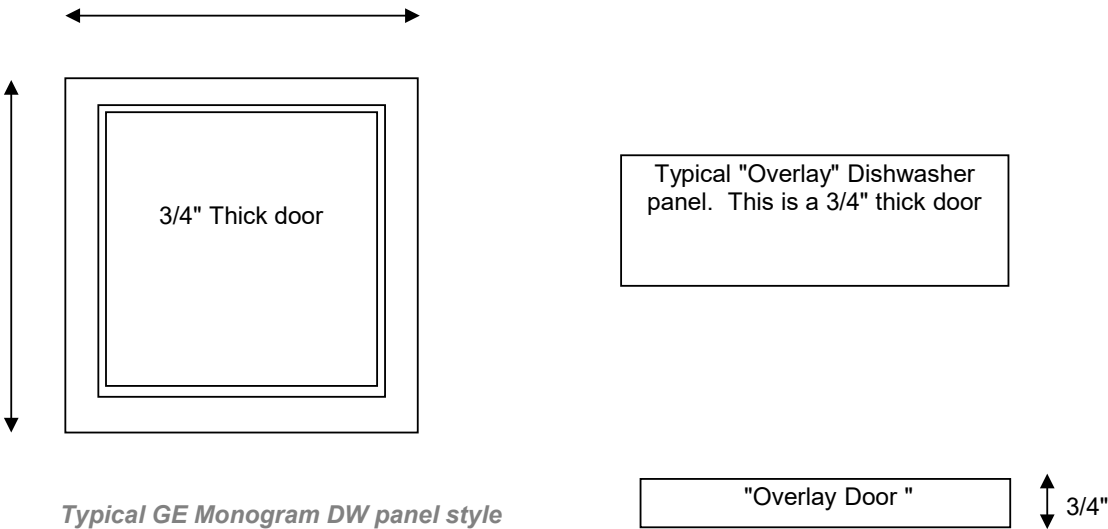

The bottom access panel is always 1/4" flat material.

NOTE: This panel is sometimes a different width than the top panel.

Dishwasher  
"Overlay NO Routing" (3/4")

Dishwasher - Double Drawer  
"Overlay NO Routing" (3/4")

Typical Double Drawer appliance. Available for Single or Double drawer DW's, Refrigerators/Freezers etc. These are always Overlay Doors however the routing detail (if any) will depend on the specs

Typical Double Drawer DW, Ref or Freezer etc.

Most Manufacturers supply the exact panel sizes needed

\*Maintain a 1/4" min. gap between top and bottom drawer panels.

Assemble overlay panels with glue and screws.

- Center spacer panel on the backer panel, left to right and top to bottom. Secure the panels with glue.
- Center the spacer/backer panel on the overlay panel. Secure with glue and screws. Countersink all screws into the backer panel.

3/4" Overlay Panel Dimensions (in inches)		
	A (Width)	B (Height)
1/4" Backer	23-3/16"	14-11/16"
0.10" Spacer	22-1/2"	14-3/16"
3/4" Overlay	23-5/8"	15-1/16"

GE Monogram Double Drawer Refrigerator

This would be an example of "Overlay Special Routing"

Take note of dimensional difference between overlay size and backer size:  
3/8" difference for **HEIGHT**  
7/16" difference for **WIDTH**

Kitchen Aid typical Double Drawer Dishwasher

This would be an example of "Overlay No Routing"

Always be sure to inform your customers that we can not cut out for "medallion" area on any panel

Dishwasher - Double Drawer  
"Overlay NO Routing" (3/4")

Typical Fisher & Paykel Double Drawer Dishwasher

The Door and Toe Kick Panels of the DishDrawer® can be made to match your kitchen cabinetry. This diagram, with the addition of your own measurements will help you calculate the required panel sizes.

CABINERY ALIGNMENT  
The following calculations assume:

The top of the Upper Panel is to be aligned with the top of the adjacent cabinetry. The final panel/cabinetry alignment is achieved by adjusting the DishDrawer's feet

WIDTH OF ALL PANELS

Measure **A** the width between adjacent door/drawer fronts and write it in the first box below, then complete the equation. For example:

$$\text{A } 24\frac{1}{4}" (616\text{mm}) - 2 \times \frac{3}{32}" (2.5\text{mm}) = 24\frac{1}{16}" (611\text{mm})$$
  
door clearance                      width of all panels

$$\text{A } 24 - 2 \times \frac{1}{8} = 23\frac{3}{4}$$
  
door clearance                      width of all panels  
(3/32" (2.5mm) MIN)                      (23 7/16" (595mm) MIN)

HEIGHT OF UPPER PANEL

For example:  $15\frac{5}{8}" (398\text{mm}) + \text{B } 0\text{mm} = 15\frac{5}{8}" (398\text{mm})$   
standard height                      door extension                      height of upper panel

$$\text{A } 15\frac{5}{8} (398\text{mm}) + \text{B } 0 = 15\frac{5}{8}$$
  
standard height                      door extension (0" recommended)                      height of upper panel

HEIGHT OF LOWER PANEL

Measure **C** door/drawer height (or equivalent) and write it in the first box below, then complete the equation. For example:

$$\text{C } 30" (762\text{mm}) - 15\frac{5}{8}" (398\text{mm}) - \frac{5}{16}" (8\text{mm}) = 14\frac{1}{16}" (356\text{mm})$$
  
height of upper panel                      air gap                      height of lower panel

$$\text{C } 29\frac{13}{32} - 15\frac{5}{8} - \frac{5}{16} = 13\frac{15}{32}$$
  
MIN 28 1/4" (717.5mm) + B                      height of upper panel                      gap between panels                      height of lower panel  
(217 1/4" (311.5mm) MIN)

CARRIAGE HOUSE

Use same calculation for top drawer in CHS doors. However use different formula for the lower drawer.

Dishwasher - Double Drawer  
"Overlay NO Routing" (3/4")

Typical Fisher & Paykel Single Drawer Dishwasher

**WARNING**  
Be sure the Product is not plugged in.

The Door of the DishDrawer\* can be made to match your kitchen cabinetry. This diagram, with the addition of your own measurements will help you calculate the required panel sizes.

Installer must leave 3/8" (9mm) gap for correct ventilation.

WIDTH OF THE PANEL

Measure **A** the width between adjacent door/drawer fronts and write it in the first box below, then complete the equation.

For example: **A** 24 1/4" (616mm) - 2 x 3/32" (2.5mm) = 24 1/16" (611mm)

**A** 24 - 2x 1/8 = 23 3/4

door clearance (3/32" (2.5mm) MIN) panel width (23 7/16" (595mm) MIN)

HEIGHT OF THE PANEL

Measure **B** door/drawer height (or equivalent) and write it in the first box below, then complete the equation.

For example: **B** 16" (407mm) - 3/8" (9mm) = 15 5/8" (398mm)

**B** 16 - 3/8 (9mm) = 15 5/8

air gap gap between panels panel height (15 5/8" (398mm) MIN)

Note: When the top of the DishDrawer\* has to be lower than the adjacent cabinetry, the Panel can be increased in height.

**WARNING!**  
The air vent between the Panel and the adjacent cabinetry must not be covered. An air gap of 3/8" (9mm) MUST be provided.

Use same calculation for the panel width as the double drawer panel.  
Suggest to use the same height of drawer as the standard height of the double drawer above. This can be used for CHS product.

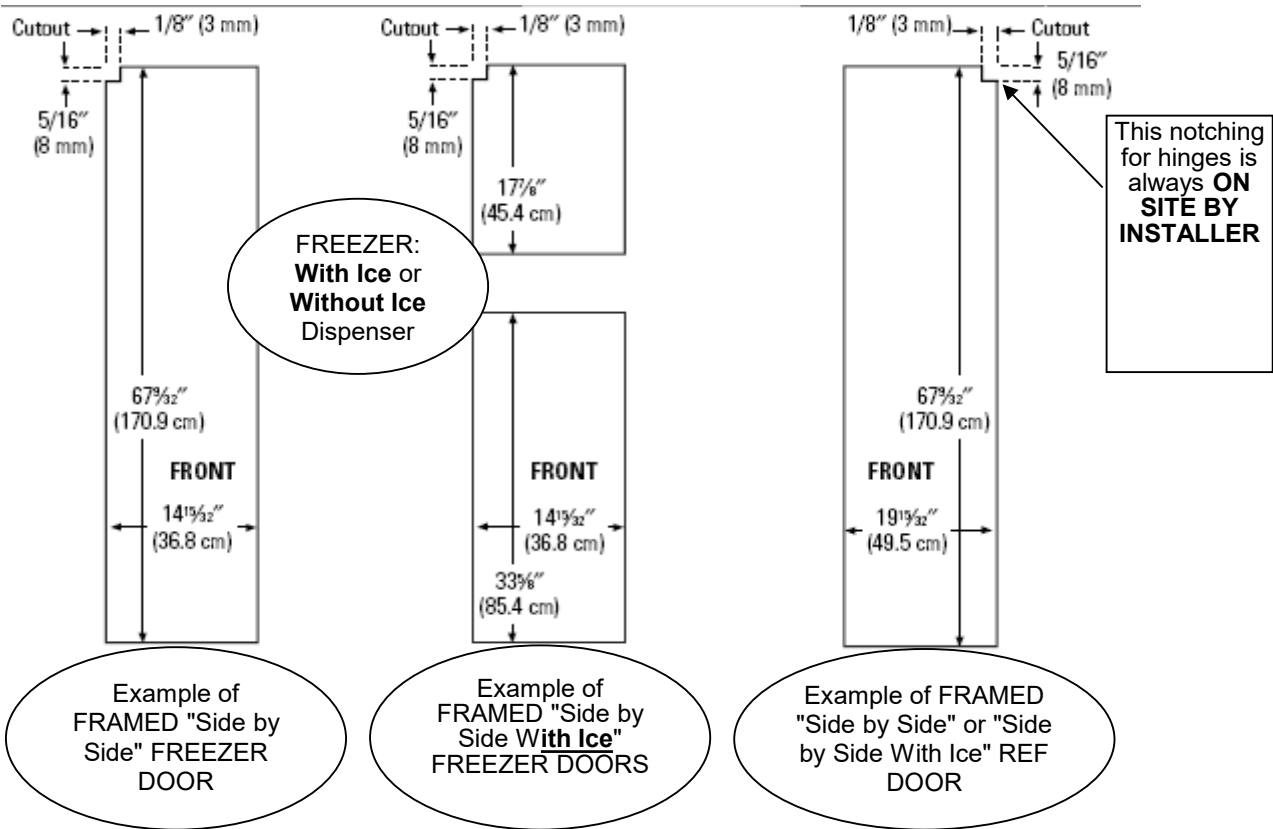

Refrigerator - Side by Side  
"Framed" (1/4")

Refrigerator - Side by Side  
"Framed" (1/4")

Example of typical GE Profile Side by Side spec

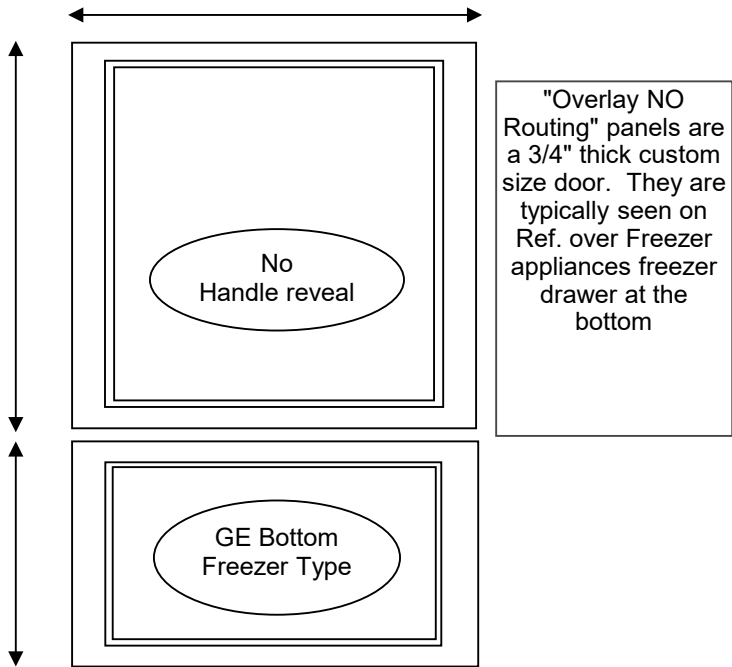

NOTE:

Always be sure to clarify with your customer if they are getting a dispenser or not.

Panels 1/4" thick or less

Refrigerator - Refrigerator over Freezer  
"Overlay NO Routing" (3/4")

Example - "Refrigerator over Freezer"

Example - "Refrigerator over Freezer"

Refrigerator - Refrigerator over Freezer  
"Overlay NO Routing" (3/4")

Refrigerator - Refrigerator over Freezer  
"Overlay NO Routing" (3/4")

Example of typical GE Refrigerator

Custom Door Panel Dimensions  
Using Trim Kits ZKTC36L or ZKTC36R  
3/4" thick panel with kit supplied handle

**ZIS36N Bottom Mount Refrigerator**

- The ZKTC36L (or ZKTC36R) trim kit provides for the installation of 3/4" thick custom door and grille panels, using the supplied handle. Cut panels to size and install.

Always be careful to clarify which handles are being supplied because it could affect the panel sizes

Refrigerator - Refrigerator over Freezer  
"Overlay NO Routing" (3/4")

Example of typical SubZero 700 Series Refrigerator (shown available in 27" or 36" width appliance)

Refrigerator - Side by Side  
"Overlay WITH Routing" (3/4")

Example - "Side by Side" refrigerator

"Overlay With Routing" panels are a 3/4" thick custom size door with a routing detail around all sides of the door to act as the "spacer" and "backer" panels

Example of typical Overlay WITH Routing Refrigerator

Example - "Side by Side" refrigerator

"Overlay WITH Routing" Code in AS400 will build the panels to exact size entered with no reveal. Always key in the "OVERLAY" dimensions shown in the specs (Example next page). HOWEVER details regarding the routing dimensions may need to be submitted to ensure proper fit.

Profile of "Overlay WITH Routing" Panel

See Illustration 12 & 13 next page

Refrigerator - Side by Side  
"Overlay WITH Routing" (3/4")

Example of typical Overlay WITH Routing Refrigerator

Model 642	W	H		
Refrigerator Overlay Panel	24 <sup>5</sup> / <sub>16</sub> " (618)	68" (1727)

			Spacer Panel Height	9 <sup>5</sup> / <sub>16</sub> " (237)
			Backer Panel Height	9 <sup>15</sup> / <sub>16</sub> " (252)

Key In Overlay dimensions on your order

Illus. 12

Illus. 13

Models 661, 642 and 632

Panel specifications are for Built-In overlay (O) models.

For grille panel size, use width dimensions listed for your model and height dimensions for grille option. 11" (279) grille is standard.

Panel grille is available for all overlay units except Models 601R, 601RG and 601F.

See note on next page to

Whenever you see 3/4" Thick panels indicated in your panel specs, that is the clue that you need to either use Overlay WITH or NO Routing. Most SubZero's work with our "WITH Routing" code but some MFG's require special details. See "Special Routing Details" pages for more info.

Refrigerator - French Doors  
"Overlay WITH Routing" for *French Doors Style (3/4")*

"Overlay WITH Routing" for French Door style Refrigerators are a 3/4" thick custom size door with **special routing placement**. The *Refrigerator* gets routed on the Top, Bottom and NON-hinge sides. The *Freezer* gets routed on all 4 sides

Example - "French Door style Refrigerator"

"Overlay NO Routing" Code in AS400 will automatically build panels to exact size entered with no reveal. Always key in the "OVERLAY" dimensions shown in the specs (Example next page)

Profile of "Overlay WITH Routing" Panel for French Door Ref.

**Refrigerator - French Doors**  
**"Overlay WITH Routing" for *French Doors Style (3/4")***

NOTE: Although routing detail will show thru on the Handle side, the bottom of the trim kit covers the routed detail that would be seen from the handle side

Example of Viking French Door refrigerator to accept appliance door panels. Metal Trim kit surrounds top, bottom and NON-handle side of the refrigerator doors and all 4 sides of the Freezer door.

Photo courtesy of  
Ron Barkman Sr.  
at  
Home Appliance Center  
Malvern, PA

View of handle side of refrigerator door. Routing detail is not applied on the handle sides of the panels.

Home Appliance Center  
Malvern, PA

Refrigerator - Side by Side with *Dispenser Cutout*  
"Overlay WITH Special Backer (3/4" + 3/8")

Example - "Side by Side" with dispenser cut out on Refrigerator Door

Example of typical Overlay WITH Special Backer for Refrigerator with Dispenser cut out

Example - "Side by Side" with dispenser cut out on Refrigerator Door

See Illustration 12 & 13 next page

Refrigerator - Side by Side with Dispenser Cutout  
"Overlay WITH Special Backer (3/4" + 3/8")

Example of typical Overlay WITH Special Backer for Refrigerator with Dispenser cut out

<b>Model 695</b>				
Refrigerator Overlay Panel	W 28" (711)	H 68" (1727)	Models 632 and 695	W 46 7/16" (1180)
Refrigerator Spacer Panel	27 1/16" (687)	67 1/16" (1703)	Overlay Panel Width	46 7/16" (1180)
Refrigerator Backer Panel	27 1/16" (703)	67 1/16" (1719)	Spacer Panel Width	45 1/2" (1156)
Freezer Overlay Panel	18 1/4" (464)	68" (1727)	Backer Panel Width	46 1/8" (1172)
Freezer Spacer Panel	17 5/16" (440)	67 1/16" (1703)	11" (279) Grille (standard)	H
Freezer Backer Panel	17 15/16" (456)	67 1/16" (1719)	Overlay Panel Height	10 1/4" (260)
Glasswell Cut-out Dimensions	5 7/8" (150)	12 7/16" (315)	Spacer Panel Height	9 5/16" (237)
Glasswell Location (Overlay)	E 1 11/16" (43)	F 28 3/4" (730)	Backer Panel Height	9 15/16" (252)
Glasswell Location (Spacer)	E 1 1/4" (31)	F 28 1/4" (718)		
Glasswell Location (Backer)	E 1 9/16" (39)	F 28 9/16" (726)		

Refer to these dimensions to calculate exact panel sizes

Illus. 12

Illus. 13

Models 685 and 695

Glasswell cutouts will require that you order a 3/4" thick SLAB piece for installer to cut dispenser opening. This piece will be assembled with the other custom panels for the Refrigerator door.

See next page to calculate SLAB piece size as well as doors above, below and next to Glasswell

For grille panel size, use width dimensions listed for your model and height dimensions for grille option. 11" (279) grille is standard.

Panel grille is available for all overlay units except Models 601R, 601RG and 601F.

See note on next page to enter **Grill Panel**

Refrigerator - Side by Side with Dispenser Cutout  
"Overlay WITH Special Backer (3/4" + 3/8")

Calculating Glasswell SLAB panel size

Glasswell Cut-out Dimensions	5 7/8" (150)	12 7/16" (315)
Glasswell Location (Overlay)	E) 1 11/16" (43)	F) 28 3/4" (730)
Glasswell Location (Spacer)	E) 1 1/4" (31)	F) 28 1/4" (718)
Glasswell Location (Backer)	E) 1 9/16" (39)	F) 28 9/16" (726)

To calculate SLAB width take the "E" overlay dimension x 2

1 11/16 x 2 = 3 3/8

Plus the Cut out dimension width of 5 7/8

3 3/8 + 5 7/8 = 9 1/4

9 1/4" is the width of the 3/4" SLAB

"E" Dimension represents the space between the cut out and the edge of the panel. Doubling it allows for a border that matches on the left & right

To calculate SLAB height take the overlay Cut-Out dimension Plus "E" dimension x 2

12 7/16 + 3 3/8 = 15 13/16

15 13/16" is the height of the 3/4" SLAB

Cut-Out Dimension of 12 7/16" represents the height of the glasswell cut out. By adding the "E" dimension 2x's to the height, the top & bottom border will match the left & right

Add item to panel order

Use Panel-Appl\_\_ program to add this SLAB piece

Panel Group:	Side by Side
Panel Reveal:	3/4" Finished Slab
Appliance MFG:	SubZero
Appliance Type:	Glasswell
Model Number:	695

Mark with "SUB" MFG code to tag as Subcomponent so plant will look for this piece to assemble with REF and FREEZER pieces

Width	Height	Panel Type	Price	Need Drawing Y/N	MFG
9 1/4	15 13/16	Leave Blank	320.00	Y	SUB

Make sure to indicate "Y" when it is an ASSEMBLY piece

## Refrigerator - Side by Side with Dispenser Cutout "Overlay WITH Special Backer (3/4" + 3/8")

Calculating Doors panels above, below and next to Glasswell SLAB

Model 695	W	H
Refrigerator Overlay Panel	28" (711)	68" (1727)
Refrigerator Spacer Panel	27 <sup>1</sup> / <sub>16</sub> " (687)	67 <sup>1</sup> / <sub>16</sub> " (1703)
Refrigerator Backer Panel	27 <sup>11</sup> / <sub>16</sub> " (703)	67 <sup>11</sup> / <sub>16</sub> " (1719)
Freezer Overlay Panel	18 <sup>1</sup> / <sub>4</sub> " (464)	68" (1727)
Freezer Spacer Panel	17 <sup>5</sup> / <sub>16</sub> " (440)	67 <sup>1</sup> / <sub>16</sub> " (1703)
Freezer Backer Panel	17 <sup>15</sup> / <sub>16</sub> " (456)	67 <sup>11</sup> / <sub>16</sub> " (1719)
Glasswell Cut-out Dimensions	5 <sup>7</sup> / <sub>8</sub> " (150)	12 <sup>7</sup> / <sub>16</sub> " (315)
Glasswell Location (Overlay)	E) 1 <sup>11</sup> / <sub>16</sub> " (43)	F) 28 <sup>3</sup> / <sub>4</sub> " (730)
Glasswell Location (Spacer)	E) 1 <sup>1</sup> / <sub>4</sub> " (31)	F) 28 <sup>1</sup> / <sub>4</sub> " (718)
Glasswell Location (Backer)	E) 1 <sup>9</sup> / <sub>16</sub> " (39)	F) 28 <sup>9</sup> / <sub>16</sub> " (726)

To calculate the lower *Glasswell* door panel (marked 2)

- W The width will match the SLAB of 9 1/4"
- H Take the total height of "F" 28 3/4" less 1 11/16" = 27 1/16"  
Bottom REF panel is 9 1/4" x 27 1/16"

To calculate the upper *Glasswell* door panel (marked 1)

- W The width will match the SLAB of 9 1/4"
- H Take the total height of the REF door 68" less the SLAB 15 13/16"  
less the lower door 27 1/16"  
Upper REF panel is 9 1/4" x 25 1/8"

To calculate the Full Length Door to the right of the Glasswell (marked 3)

- W The overall width of the panel is 28" less the 9 1/4" door above  
the glasswell = 18 3/4"
- H The height is exactly the same as the standard spec detail = 68"  
Full Length REF door is 18 3/4" x 68"

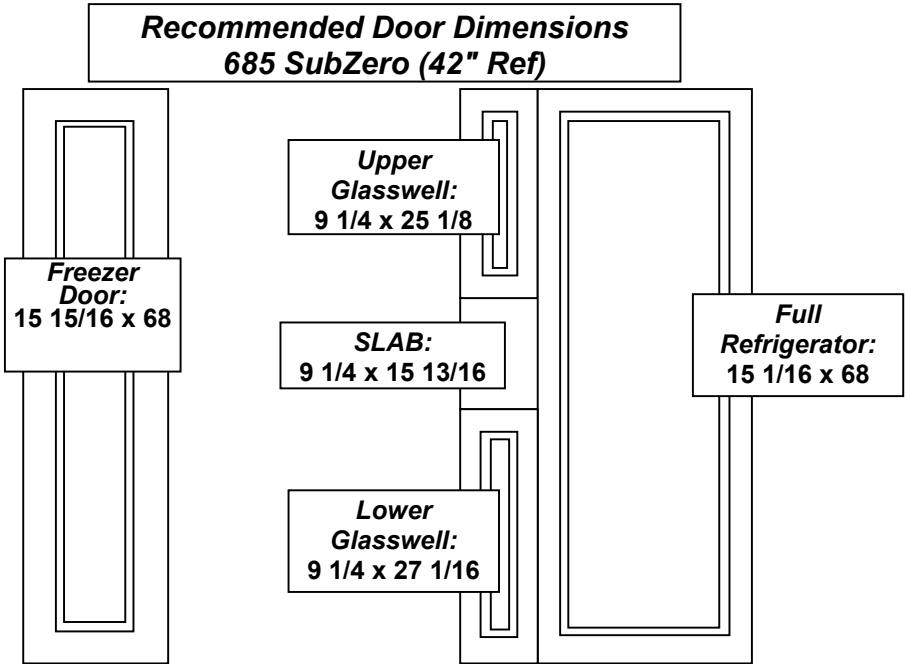

FREEZER & GRILL panels are entered exactly as shown above using OVERLAY dimensions

Refrigerator - Side by Side with *Dispenser Cutout*  
"Overlay WITH Special Backer (3/4" + 3/8")

Example - SubZero 695 "Side by Side" with dispenser cut out on Refrigerator Door

Example - SubZero 685 "Side by Side" with dispenser cut out on Refrigerator Door

Refrigerator - Side by Side with Dispenser Cutout  
"Overlay WITH Special Backer (3/4" + 3/8")

Example of typical Overlay WITH Special Backer for Freezer with Dispenser cut out

Use same technique as Refrigerator dispenser cut out to calculate dimensions of SLAB piece and door for above and below.

Always add approx. 2" to SLAB piece height to allow for about 1" reveal at the top and bottom of the cut out.  
...Make sure to deduct from the doors above and below.

\*Cut the dispenser opening after the backer, spacer and overlay panels have been assembled.

36 & 42" GE Monograms will always require a slab piece for the dispenser cut out on the freezer door.

36" Side-by-Side (in inches)

	A	B	C	D	E	F	G
1/4" Backer Panel	33-7/8	9	68-3/8	14-9/16	18-9/16		
.10" Spacer Panel	33	8-3/8	67	13-1/4	17-1/4		
3/4" Overlay Panel	34-1/8	9-1/4	68-5/8	14-13/16	18-13/16	17-15/16	3-1/4

42" Side-by-Side (in inches)

	A	B	C	D	E	F	G
1/4" Backer Panel	39-7/8	9-1/2	68-3/8	14-9/16	24-9/16		
.10" Spacer Panel	39	8-5/8	67	13-1/4	23-1/4		
3/4" Overlay Panel	40-1/8	9-3/4	68-5/8	14-13/16	24-13/16	17-15/16	3-1/4

48" Side-by-Side (in inches)

	A	B	C	D	E	F	G
1/4" Backer Panel	45-7/8	9-1/2	68-3/8	18-9/16	26-9/16		
.10" Spacer Panel	45	8-5/8	67	17-1/4	25-1/4		
3/4" Overlay Panel	46-1/8	9-3/4	68-5/8	18-13/16	26-13/16	17-15/16	5-1/4

Follow same AS400 directions as Refrigerator side cut out.

48" GE Monogram refrigerators do not require a slab for the dispenser location. Typically the cut out will fit on to the center panel of the door.

1/2" Reveal Panel  
"Framed" (1/4")

Generic Panel

Example of U-Line 1/2" Reveal Panel spec

U-LINE CORPORATION

ÉCHELON

1/4" CUSTOM INSERT PANEL SIZES

2115/CLR2160	27 11/16" H x 14 1/32" W
2175	27 11/16" H x 23 1/32" W
2175DWRR/CO2175DWR	12 15/32" H x 23 1/32" W

- Zero clearance with a flush/flat door panel.
- Door will accept a raised panel. Allow proper clearance, on hinge side when installing a raised panel. Amount of clearance will depend on raised panel thickness.
- The maximum panel thickness when inserted into the door reveal (channel) is 1/4" thick.
- For raised panels the depth of the reveal is 1/4" on both sides and bottom and 1/4" on top.
- Panel not to exceed 20 pounds.

This tells you it is "Framed"

Century will always use a 1/2" reveal on all panels of this type which will work as well.

### "Overlay NO Routing" or "Overlay Special Routing" (3/4")

- 
- Technical drawing of a typical frame only, showing dimensions and specifications. The drawing includes a title block at the top labeled "Typical Frame Only -". Dimensions are provided in inches: 29.44, 15.63 TYP, 7.81 TYP, 0.72, 29.91, and 0.72 TYP. The drawing shows a rectangular frame with a central opening. The opening is labeled "L72 MINIMUM WIDTH TO COVER DOOR EXTRUSION". The top surface is labeled "TOP SURFACE". The bottom surface is labeled "BOTTOM SURFACE". A circular callout labeled "1" points to the bottom surface, with the text "Specs do not indicate any routing detail for frame". The drawing also shows "PRE-DRILLED PILOT HOLES 6 PLACES".

### Marvel 24" Designer Door

### SubZero 430

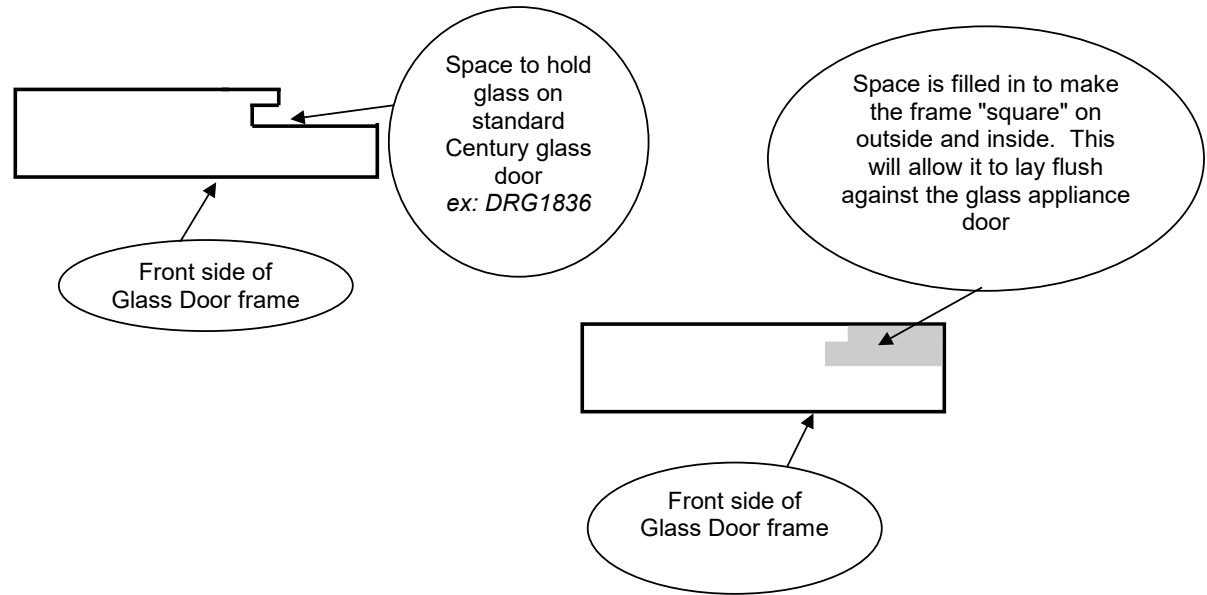

### U-Line 2175 & 2115

"Frame Only"  
"Overlay NO Routing" or "Overlay Special Routing" (3/4")

"Frame Only"  
"Overlay no Routing" or "Overlay Special Routing"

All "Frame Only" panels will be "filled" in as shown below, further routing detail "Overlay no Routing" or "Overlay Special Routing" will depend on the MFG specs that are provided. See details below.

Known exceptions for MFG of frame only panels

Several *Kitchen Aid* models require a wider Rail (3 3/4") than Stile (1 3/4"). Because you can't miter that frame correctly, Century will not be able to MFG frames with these requirements using a Door Rail. A Slab Filler piece will have to be used to make this type of frame

**"Trash Compactor / Compact Fridge / Wine Cooler"**  
**"Framed" (1/4")**

*Trash Compactor*

*Typical GE Profile Trash Compactor panel*

*Compact Refrigerator Handle on Top*

*Typical Compact Refrigerator - Handle on Top*

*Compact Refrigerator Handle on Top*

*Typical Compact Refrigerator - Handle on Side*

"Trash Compactor / Compact Fridge / Wine Cooler"  
"Framed" (1/4")

Entering "Trash Compactor" or "Compact Ref..." in AS400

Key in	QTY	MFG	STYLE	ITEM	DESCRIPTION
	1	CHS	HA	PANEL-APPL1	HAMPTON ANTIQUE
Panel Group:	Trash Compactor				
Panel Reveal:	Frame				
Appliance MFG:	GE				
Appliance Type:	Profile				
Model Number:	56985				

Width	Height	Panel Type	Price	Need Drawing Y/N
15	30	Leave Blank	150.00	N

Follow same details for Compact Refrigerators,  
however **ALWAYS CLARIFY WHERE THE  
HANDLE LOCATION IS** so the reveal is located  
in the correct place and it will operate properly
